TOWN WARRANT

To Harry F. Sanborn, a Constable of the Town of Baldwin, in County of Cumberland, GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the said Town of Baldwin, qualified by law to vote in town affairs, to assemble at the Grange Hall, West Baldwin, in said town, on the fourth day of March, 1935, at ten o'clock in the forenoon, to act on the following articles, to wit:

Article 1. To choose a moderator to preside at the said meeting.

Art. 2. To choose selectmen, town clerk, treasurer, tax collector and constable, auto excise tax collector, auditor and road commissioners, one member of the superintending school committee for three years, and all other necessary town officers for the year ensuing.

Art. 3. To see if the town will grant and raise such sums of money as may be necessary for the maintenance of and support of schools and poor, repair of road and bridges, miscellaneous town charges, officers' compensation, repairs of school buildings, textbooks and supplies, insurance on school buildings, music in schools, high school tuition, for Memorial Day, and for the cutting of bushes on town roads.

Art. 4. To see what sum of money the town will grant and raise for the patrol and 50-50 machine work of State highway, "Pequawket Trail" and State aid highways.

Art. 5. To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State aid, as provided in Section 20, Chapter 28, of the Revised Statutes of 1930.

Art. 6. To see what sum of money the town will grant and raise for the improvement of the section of State aid road as outlined in the Report of State Highway Commission (in addition to the amount regularly raised for the care of ways, highways and bridges), under the provisions of Section 19, Chapter 28, of the Revised Statutes of 1930, or under the provisions of Section 3, Chapter 175, Public Laws of 1930.

Art. 7. To see what sum, if any, the town will recommend to take from the joint State aid account for the purpose of applying bituminous surface treatment to State aid roads built within the past five years, in accordance with the provisions of Chapter 271, Public Laws of 1931.

Art. 8. To see if the town will grant and raise the sum of \$857.00 to entitle the town to third class apportionment, as provided in Sections 43 to 47 inclusive, of Chapter 28, of the Revised Statutes of 1930, for the maintenance of improved sections of third class roads, or to be used in connection with the third class apportionment made by the State for the improvement of third class roads.

Art. 9. To see if the town will vote to instruct its selectmen to hire such sums of money as are necessary to pay the current expense of the town, also to grant and raise some amount of money for interest on same.

Art. 10. To see if the town will vote to legalize "Sunday Baseball" in the Town of Baldwin.

Art. 11. To see what sum of money the town will grant and raise for cutting bushes on State highways, State aid and third class roads.

Art. 12. To see what sum of money the town will grant and raise for snow removal for the ensuing year.

Art. 13. To see what sum of money the town will grant and raise for Mothers' Aid and care of Irving Thombs' children.

Art. 14. To see what the town will vote to pay the selectmen, tax collector and constable, treasurer, town clerk and other town officers for the ensuing year.

Art. 15. To see what sum of money the town will grant and raise for school lights and street lights for the ensuing year.

Art. 16. To see what sum of money the town will grant and raise for the retirement of the plow and tractor note.

Art. 17. To see if the town will vote and make arrangements regarding care and operating tractor and plows for snow removal.

Art. 18. To see if the town will grant and raise the sum of \$100.00 to rebuild or repair culvert and road, on the road leading from State aid to homestead of J. H. Murch.

Art. 19. To see if the town will vote to have timber or cord wood cut on town farm during the ensuing year.

Art. 20. To see what sum, if any, the town will grant and raise as a cemetery fund for the ensuing year.

Art. 21. To see if the town will take any action in regard to adjusting the valuation of the town, appropriate and raise money for the same.

Art. 22. To see if the town will vote to purchase a light road grader, appropriate and raise money for the same.

Art. 23. To see if the town will vote to, and authorize selectmen to collect unpaid poll or personal taxes, these to be taken from wages (road or other forms of wages paid by town), also collect 1935 poll taxes in the same manner.

The selectmen hereby give notice that they will be in session for the purpose of revising and correcting the list of voters at the Grange Hall, West Baldwin, at nine o'clock in the forenoon, on the day of the said meeting.

Given under our hands at Baldwin, this 18th day of February, 1935.

J. A. WARREN,

H. A. BURNELL,

J. C. BABB,

Selectmen of Baldwin.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of Baldwin:

I hereby submit my annual report as superintendent of your schools.

There has been no change in our teaching force during the year.

There are 128 pupils attending school in the Town of Baldwin, and school has been maintained thirty-six weeks during the year. The minimum number of weeks required by law is thirty-two, and we know of no town in Maine with more than forty, so we feel that the children of Baldwin are fortunate in having so long a school year.

Gov. Louis Brann, having been authorized by the eighty-sixth legislature, appointed a commission to make a study of the conditions of our schools, and to suggest means whereby the system might be improved and more nearly equal advantages provided for the children of rural communities. After more than a year's work, this commission has submitted its report.

Findings:—Maine grants *more* than the average percentage of State funds to highways and *less* than the average to education. Of the forty-eight states in the Union, Maine stands thirty-seventh in education. Maine ranks lowest of the New England States in education, and, in fact, no other state above the Mason and Dixon Line spends so little for schools as our State. In order to find a situation comparable to Maine, we have to go to states like Alabama, Mississippi, and Tennessee. Maine, in expenditures for schools, is thirty-three and one-third per cent. below New Hampshire and twenty per cent. below Vermont.

This commission recommends that all schools of the State be brought up to a minimum level of efficiency by aiding from State funds the communities not able to support education adequately. That the State aid, which was taken away from us in 1930 be restored. That there be levied new taxes to produce the amount of new revenue necessary, and to relieve real estate to some extent of the heavy burden. That by degrees steps be taken to improve the schools now in the middle level by additional State aid, and to advance all along the line.

Dr. Payson Smith says that education is again at the crossroads; the times demand radical changes in its curriculum; we face a period of change; whatever changes may occur must be directed towards giving richer, more liberal opportunities to each individual child.

All of our teachers attended the State convention in Portland in October, and all were present at the Saco Valley meeting at Casco.

On October 13th, an all-day meeting was held at East Hiram. The morning was given over to the planning of seat-work, and in the afternoon Miss Helen Cushman, a graduate of the Posse-Nissen School in Boston, spoke on mental hygiene and gave a demonstration lesson in physical education. On November 17th we met at East Baldwin. The study of Mrs. Spearin's plan of reading occupied the forenoon, and after lunch Miss Hastings, critic teacher at Gorham Normal School, addressed the group. On December 8th we met again at Hiram to demonstrate some of the later methods. Miss Storer, with her pupils, gave a demonstration in first grade reading. Mrs. Giles taught the Hiram pupils in second grade reading. Miss Gray brought from Sebago her fifth grade and gave a teaching lesson. Mr. Rowe taught a sixth grade. Mrs. Cartrett brought her eighth grade from Baldwin and taught a reading lesson. Mrs. Dow,

with a group of her pupils, demonstrated the Zana-Blouzer method of writing.

All of this work was well done and showed much thought and faithful preparation on the part of the teachers. It is an evidence of good professional spirit for teachers to willingly give up their Saturdays to attend these meetings and take part in the programs.

Two of our teachers, Mrs. Cartrett and Mrs. Lamont, attended a six-week summer term at Gorham Normal School.

Our pupils are checked up on (1) sight, (2) hearing, (3) teeth, (4) growth, (5) postural habits, (6) throat, and (7) birth certificate. Any child who qualifies on all these points becomes a seven-point pupil, which is the goal.

Baldwin has the following seven-point pupils: Ernest Jewett, Olive Riley, Gerald Boothby, Raymond Wood, Gordon Chadbourne, Franklin Burnell, Melvin Cook, Elwood Milliken, Myron Locke, Dorothy Wentworth, Harvey Warren, Hope Harding, Fred Locke, Grace Warren, Everett Day, Jr., Gordon Milliken, Mary Flint, Janet Locke and Tom Flint.

At East Baldwin the grounds have been graded. At North Baldwin the grounds have been graded and surrounded by a new fence. Burnell School has been supplied with a circulating heater, and at West Baldwin running water has been installed.

Mrs. Helen Flint has presented to the West Baldwin school a new electric plate to be used by the teachers in serving hot lunches.

Through the generosity of Mr. Henry Pierce, the pupils of the Pigeon Brook School were taken to Portland on November 15th, when all necessary dental work was attended to. We consider this the finest thing that Mr. Pierce could possibly have done for this school.

The conveyance routes are as follows: West Baldwin, Mrs. Yates, \$12 per week; Burnell, Merle-Moore, \$7.50 per week; Burnell, H. C. Wentworth, \$6 per week; East Baldwin, Mrs. Guptill, \$8 per week; North Baldwin, Harry Murch, part time, \$10 per week.

We have eleven pupils at Fryeburg Academy, seven at Standish High, four at Potter Academy, and one at North Bridgton Academy.

At Fryeburg Academy last June, Everett Giles received the debating prize and prize in the art of living.

REPORT OF THE SUPERVISOR OF MUSIC

To the Superintendent of Schools, School Committee, and Citizens of the Town of Baldwin:

Years ago, before the days of public schools, children were educated in reading, writing, etc., if their parents or relatives had money enough to pay for the instruction. This method of elementary education has long since been abandoned as far as the three R's are concerned.

However, up until last year, instruction in music fundamentals in Baldwin was still on this old-time basis of family wealth. Children were condemned to musical illiteracy unless private instruction could be privately financed. This year group instruction in music was offered to all the school children of the town.

People ask, "Is such instruction worthwhile?" Leading educators say that it is. Their assertions of this have grown stronger with the years as music has proved its worth in schools where it has been incorporated. Educators believe that music is as valuable as any other subject taught in school, and well toward the head of the list as far as lasting value throughout life is concerned.

Music instruction in the Baldwin schools has had a threefold objective: first, to teach the children to "carry a tune"; second, to teach them to translate written music into sound; and third, to teach part singing. These objectives have been striven for in all schools.

The degree of attainment is different in each school, being governed by the following conditions: length of time music has been taught in the particular school (some had this training through private subscription previous to last year), musical background of the day teacher, and musical background in the children's homes. Each school shows progress and sincere effort.

The children of the town have appeared publicly on two occasions: Memorial Day, and at the American Legion installation at West Baldwin. Individual schools have sung in public at numerous times. There is a small, but good, grade orchestra at East Baldwin. This group, with some of the singers from the East Baldwin Grammar room, furnished music for the Saco Valley Teachers' Convention this fall.

In guiding the expenditure of the money raised for music by the town last year, I have held to the most rigid economy consistent with the needs of the children, and have been able to leave a fair balance. The money has been spent for music textbooks and supplies, as need has arisen, and for the Supervisor's salary, which was based on what other towns nearby are paying for similar service. To continue logically the present course, as the needs and abilities of the children grow, I feel that five hundred dollars, (\$500.00) should be available for another year. Possibly the actual balance of the 1934 music account at the time of Town Meeting (not that at the end of the town's fiscal year) might be applied to reduce the amount of new appropriation necessary to make the above-mentioned sum available.

In closing, I thank sincerely all who have contributed in any way to the success of the music work in the Baldwin schools.

Respectfully submitted,

JOHN C. GATCHELL,

Supervisor of Music.
